Coca-Cola and Ohio State’s Office of Student Life will present a competition which invites students to create works of art from recycled materials. Meet many of our student sustainability organizations, enjoy the “wearable art” fashion show, and learn about recycling opportunities on campus and in Columbus.

For details, contact Carlos Lugo at lugo.7@osu.edu or visit go.osu.edu/artofrecycling
Coca-Cola and Ohio State’s Office of Student Life will present a competition which invites students to create works of art from recycled materials. Whatever your artistic ability, join us on September 18 at the RPAC to be a part of this unique event. Meet many student sustainability organizations and learn more about recycling opportunities both on campus and in the city of Columbus.

Students can enter in one of two categories: Wearable Art or Free Standing Art

For details, contact Carlos Lugo at lugo.7@osu.edu or visit go.osu.edu/artofrecycling

YOU COULD WIN $50!

› Create your artwork on-site
› Recycling fair

4:00 p.m.
› Fashion show & judging

4:30 p.m.
› Awards
The Art of Recycling

Registration form:  http://go.osu.edu/artofrec-registration

Competition Description

Eligibility

• Open only to currently enrolled students at The Ohio State University.

How it Works

• Art work theme: One hundred years of Rec Sports at Ohio State.
• On-Site Sculptures
  o Original artwork using recycled Coca-Cola bottles. The bottles will be provided to the teams on **September 18** at noon. Each team will receive 100 bottles (green and white mix). The bottles will not have caps.
  o There is only room for six teams in the on-site sculpture competition.
  o 10 people per team maximum, 5 people minimum.
  o No spray adhesive or spray painting is allowed
  o Scissors, rope and tape are allowed and will be provided.
  o The sculptures are not meant to be climbed on.
  o Students are permitted to work on sculptures from **12:00pm-4:00pm only**
  o Base of sculpture needs to fit on a 4’-0” x 4’-0” wooden pallet
  o The finished sculpture needs to fit through the double doors on the main level of RPAC. The dimensions are:
    ▪ Door opening – east side RPAC – 72” wide x 85” high
    ▪ Door opening – south side of RPAC (facing McKorkle) – 72” wide x 102” high
  o Teams must register ( http://go.osu.edu/artofrec-registration ) and submit a brief description for the design and theme of the sculpture to Carlos Lugo (lugo.7@osu.edu ) by **September 11, 2013**.
• Wearable Art
  o There is no limit for the number of members in a team. Individual submittals will be accepted.
  o Art must be completed prior to noon on the day of the event. There are no facilities for students to work on site on the wearable art projects.
  o Examples of projects include, but are not limited to, clothing, hats, shoes and jewelry.
o Transportation of wearable art to Richard C. Larkins Plaza is the sole responsibility of participating teams

o One person from each team will present and wear the art during the “fashion show” at 4:00pm.

o The wearable art needs to be worn by one person with no assistance.

o 50% of materials must be either recycled, recyclable, or reused

o No sharp objects allowed.

o Students must register and submit a brief description for the design and theme of their wearable art piece to Carlos Lugo (lugo.7@osu.edu) by September 11th

o Aveda
  ▪ Aveda will be providing complimentary hair and makeup services to any of the persons who will be modeling the wearable art.
  ▪ Participants must contact Carlos Lugo (lugo.7@osu.edu) by September 11th to set up an appointment to take advantage of Aveda’s services

Judging

• Judging of Wearable Art and Sculptures will take place at 4:00pm, with awards being given at 4:30pm

• All entries will be judged based on the following criteria:
  o Creativity
  o Use of Coca-Cola Products (for sculpture competition only)
  o Construction
  o School Spirit
  o Representation of Submission
